

Department of Transportation - Federal Aviation Administration

Supplemental Type Certificate

Number SA178NW

This certificate, issued to TRAMCO, INC.

certifies that the change in the type design for the following product with the limitations and conditions
hereinafter specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation
Regulations.

Original Product - Type Certificate Number: A16WE
Make: Boeing
Model: 737-200

Description of Type Design Change: Installation of perfume dispenser into three
lavatories on Air Brunei per Air Repair Drawing Number AR-020.

Limitations and Conditions: The approval of this change in type design applies
basically to the above model aircraft only. This approval should not be extended
to other aircraft of this model on which other previously approved modifications
are incorporated unless it is determined that the interrelationship between this
change and any of those other previously approved modifications will introduce no
adverse effect upon the airworthiness of that aircraft. A copy of this Certificate
and Air Repair Installation Instruction Drawing Number AR-020 shall be maintained
as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until so
rendered suspended, revoked, or a termination date is otherwise established by the Administrator of the
Federal Aviation Administration.

Date of application: April 25, 1975

Date issued: May 13, 1977

Date of issuance: May 12, 1975

Date amended:

By direction of the Administrator
Charles E. Gifford, Jr.
(Signature)

Chief, Engineering and Manufacturing Branch

(Title)

An alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both.

This certificate may be transferred in accordance with FAR 21.17.
